

PROTECTIVE DRIVER TRAINING

PROTECTIVE DRIVER, 5 DAY

The protective driver course covers the following competencies:

Derived from the National Training Framework and Competency Standards

PUAVEH001A DRIVE VEHICLES UNDER OPERATIONAL CONDITIONS

ZWV03GN4003A DRIVE VEHICLES UNDER FIELD CONDITIONS

PUADEFTP001A OPERATE A VEHICLE IN AN ENVIRONMENT OF THREAT

These articulate as learning objectives:

Prepare vehicle for operational activity

Drive the vehicle

Monitor traffic, road and terrain under operational conditions

Camouflage and conceal a vehicle to counter observation, surveillance and detection from threats to security

Apply tactical deployment drills and contingency actions when driving a vehicle in an environment of threat

This course provides skills in accident avoidance, defensive driving and CPP tactics in a protection based training environment. Trainees are assessed on a final activity that simulates operational conditions including use of sound simulation, cognitive demand and reaction to attack. This course has been specially designed to incorporate aspects of both skill and cognitive development of the protection professional.

Beltin Group is an investigation and protection firm providing consultancy, training and operational services to public and private entities in pursuit of business success across domestic and international markets of risk and uncertainty.
